LANDCADIA HOLDINGS, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Nature of Business

Business

Landcadia Holdings, Inc., a Delaware corporation (the “Company”), was incorporated on November 19, 2008 as Leucadia Development Corporation, and changed its name to Landcadia Holdings, Inc. on September 15, 2015. The Company is an emerging growth company as defined in Section 2(a) of the Securities Act of 1933, as amended, or the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012, or the JOBS Act and, as such, is subject to all the risks associated with emerging growth companies. The Company has not had any significant operations to date. The Company is a blank-check company formed to effect a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination (the “Business Combination”) with one or more operating businesses. All activity for the quarter ending June 30, 2018 relates to the Company’s ongoing business expenses and costs associated with locating a suitable Business Combination. There is no assurance that its plans to consummate a Business Combination will be successful within the target business acquisition period, as described herein.

On May 16, 2018, the Company entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Landcadia Merger Sub, Inc., a Delaware corporation (“Merger Sub”), and Waitr Incorporated, a Louisiana corporation (“Waitr”), pursuant to which, subject to the satisfaction or waiver of certain conditions set forth therein, Waitr will merge with and into Merger Sub, with Merger Sub surviving the merger in accordance with the Delaware General Corporation Law as a wholly owned direct subsidiary of the Company (the transactions contemplated by the Merger Agreement, the “Waitr Business Combination”). Upon the consummation of the Waitr Business Combination, the Company intends to change its name to Waitr Holdings Inc. and is expected to continue to trade on The Nasdaq Stock Market (“Nasdaq”). Waitr, founded in 2013 and based in Lake Charles, Louisiana, is a leader in on-demand food ordering and delivery. Its platform connects local restaurants to diners in underserved markets. For more information about the Merger Agreement, see Note 6.

On May 30, 2018, the Company held a special meeting in lieu of annual meeting of stockholders at which the Company’s stockholders approved an extension of the date by which the Company must consummate a Business Combination from June 1, 2018 to December 14, 2018 (the “Extension”). The Company requested the Extension in order to complete the Waitr Business Combination.

Sponsors

The Company’s sponsors are Fertitta Entertainment, Inc., a Texas corporation, (the “FEI Sponsor”), and Jefferies Financial Group Inc. (f/k/a Leucadia National Corporation), a New York corporation (the “JFG Sponsor”, and together with FEI Sponsor, the “Sponsors”). The FEI Sponsor is wholly owned by Tilman J. Fertitta, the Company’s Co-Chairman and Chief Executive Officer.

Financing

The registration statement for the Company’s public offering was declared effective by the U.S. Securities and Exchange Commission (“SEC”) on May 25, 2016. The Company intends to finance its Business Combination in part with proceeds from the \$250,000,000 public offering and the \$7,000,000 private placement of sponsor warrants (“private placement”), see Notes 4 and 5. Upon the closing of the public offering and the private placement, on June 1, 2016, \$250,000,000 was placed in a trust account (the “Trust Account”), with Continental Stock Transfer & Trust Company acting as trustee. In connection with the Extension approved on May 30, 2018, 1,721,159 shares were redeemed, for a total value of \$17,420,425. As of June 30, 2018, \$235,813,316 remained in the Trust Account to be used for the Business Combination.

Trust Account

Funds held in the Trust Account can only be invested in permitted United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act of 1940, as amended (the “Investment Company Act”), having a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations.

The Company's second amended and restated certificate of incorporation, as amended (the "Certificate of Incorporation"), provides that, other than the withdrawal of interest to pay income taxes and franchise taxes, if any, none of the funds held in trust will be released until the earlier of: (i) the completion of the Business Combination; or (ii) the redemption of any shares of Class A common stock, par value \$0.0001 per share ("Class A common stock"), included in the units sold in the public offering ("public shares") properly tendered in connection with a stockholder vote to amend the Certificate of Incorporation to modify the substance or timing of the Company's obligation to redeem 100% of the public shares if the Company does not complete the Business Combination by December 14, 2018; or (iii) the redemption of 100% of the public shares if the Company is unable to complete the Business Combination by December 14, 2018.

Initial Business Combination

The initial Business Combination must occur with one or more target businesses that together have an aggregate fair market value of at least 80% of the assets held in the Trust Account, excluding the deferred underwriting commissions and taxes payable on the income earned by the Trust Account, at the time of the agreement to enter into the initial Business Combination.

The Company, after signing a definitive agreement for the Business Combination, is required to either (i) seek stockholder approval of the Business Combination at a meeting called for such purpose in connection with which stockholders may seek to redeem their shares, regardless of whether they vote for or against the Business Combination, for cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account calculated as of two business days prior to the consummation of the Business Combination, including interest but less taxes payable, or (ii) provide stockholders with the opportunity to sell their shares to the Company by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount in cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account calculated as of two business days prior to commencement of the tender offer, including interest but less taxes payable. The decision as to whether the Company will seek stockholder approval of the Business Combination or will allow stockholders to sell their shares in a tender offer will be made by the Company, solely at its discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would otherwise require the Company to seek stockholder approval. If the Company seeks stockholder approval, it will complete the Business Combination only if a majority of the outstanding shares of common stock voted are voted in favor of the Business Combination. However, in no event will the Company redeem its public shares in an amount that would cause its net tangible assets to be less than \$5,000,001. In such case, the Company would not proceed with the redemption of its public shares and the related Business Combination, and instead may search for an alternate Business Combination.

Notwithstanding the foregoing redemption rights, if the Company seeks stockholder approval of the Business Combination and does not conduct redemptions in connection with the Business Combination pursuant to the tender offer rules, the Certificate of Incorporation provides that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a "group" (as defined under Section 13 of the Exchange Act of 1934, as amended (the "Exchange Act")), will be restricted from redeeming its shares with respect to more than an aggregate of 15% of the shares sold in the public offering.

If the Company holds a stockholder vote in connection with the Business Combination, a public stockholder will have the right to redeem its shares for an amount in cash equal to their pro rata share of the aggregate amount then on deposit in the Trust Account calculated as of two business days prior to the consummation of the Business Combination, including interest but less taxes payable. As a result, such public shares are recorded at redemption value and classified as temporary equity following completion of the public offering ("Redeemable Shares"), in accordance with Financial Accounting Standards Board Accounting Standards Codification ("FASB, ASC") 480, "Distinguishing Liabilities from Equity." The amount in the Trust Account was initially \$10.00 per public share (\$250,000,000 held in the Trust Account divided by 25,000,000 public shares). For further information regarding the Redeemable Shares, see Note 3.

The Company has until December 14, 2018 to complete the Business Combination. If the Company does not complete the Business Combination within this period of time, it shall (i) cease all operations except for the purposes of winding up; (ii) as promptly as reasonably possible, but not more than ten business days thereafter, redeem the public shares for a per share pro rata portion of the Trust Account, including interest (less taxes payable and up to \$50,000 of such net interest to pay dissolution expenses), and (iii) as promptly as possible following such redemption, dissolve and liquidate the balance of the Company's net assets to its remaining stockholders, as part of its plan of dissolution and liquidation. The Sponsors and certain persons who received unregistered shares of Class F common stock of the Company (the "Initial Stockholders") have entered into letter agreements with the Company, pursuant to which they have waived their rights to participate in any redemption with respect to their shares of Class F common stock; however, if the Initial Stockholders or any of the Company's officers, directors or affiliates acquire shares of Class A common stock in or after the public offering, they will be entitled to a pro rata share of the Trust Account in respect of such shares of Class A common stock upon the Company's redemption or liquidation in the event the Company does not complete the Business Combination within the required time period. In the event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be less than the initial public offering price per unit in the public offering.

Pursuant to the letter agreements referenced above, the Initial Stockholders also agreed that, if the Company submits the Business Combination to the Company's public stockholders for a vote, the Initial Stockholders will vote their founders shares (as defined below) and any public shares purchased during or after the public offering in favor of the Business Combination.

Fiscal Year End

The Company's fiscal year ends on December 31.

2. Summary of Significant Accounting Policies

Principles of Consolidation and Basis of Presentation

Our unaudited consolidated financial statements include the accounts of Landcadia Holding, Inc., and all subsidiaries and have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") and pursuant to the rules and regulations of the SEC. The interim financial information provided is unaudited, but includes all adjustments which management considers necessary for the fair presentation of the results for these periods. Operating results for interim periods are not necessarily indicative of the results that may be expected for the full year period and should be read in conjunction with the Company's audited financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

Use of Estimates

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Emerging Growth Company

Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company's financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents.

Cash consists of proceeds from the public offering and private placement held outside of the Trust Account and may be used to pay for business, legal and accounting due diligence for the Business Combination and continuing general and administrative expenses.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentration of credit risk consist of cash accounts with a financial institution which, at times, may exceed the Federal depository insurance coverage of \$250,000. The Company has not experienced losses on these accounts and the Company believes that it is not exposed to significant risks on such accounts.

Fair Value of Financial Instruments

The fair value of the Company's assets and liabilities, which qualify as financial instruments under the FASB ASC 820, "Fair Value Measurement and Disclosures," approximates the carrying amounts represented in the balance sheet.

Offering Costs

The Company complies with the requirements of the FASB ASC 340-10-S99-1 and SEC Staff Accounting Bulletin ("SAB") Topic 5A, "Expenses of Offering". Offering costs of approximately \$654,840, consisted of costs incurred in connection with the preparation of the public offering. These costs, together with \$13,750,000 in underwriting commissions, have been charged to additional paid-in capital upon the closing of the public offering. For further discussion on underwriting commissions see Notes 4 and 5.

Loss Per Common Share

Basic loss per common share is computed by dividing net income applicable to common stockholders by the weighted average number of common shares outstanding during the period. All shares of Class F common stock are assumed to convert to shares of Class A common stock on a one-for-one basis. Consistent with FASB ASC 480, shares of Class A common stock subject to possible redemption, as well as their pro rata share of undistributed trust earnings consistent with the two-class method, have been excluded from the calculation of loss per common share for the three and six months ended June 30, 2018 and 2017. Such shares, if redeemed, only participate in their pro rata share of trust earnings, see Note 3. Diluted loss per share includes the incremental number of shares of common stock to be issued in connection with the conversion of Class F common stock or to settle warrants, as calculated using the treasury stock method. For the three and six months ending June 30, 2018 and 2017, the Company did not have any dilutive warrants, securities or other contracts that could, potentially, be exercised or converted into common stock. As a result, diluted loss per common share is the same as basic loss per common share for all periods presented.

A reconciliation of net loss per common share as adjusted for the portion of income that is attributable to common stock subject to redemption is as follows:

	Three months ended, June 30,		Six months ended, June 30,	
	2018	2017	2018	2017
Net income	\$ 489,110	\$ 221,852	\$ 942,013	\$ 229,666
Less: Income attributable to common stock subject to possible redemption	(633,013)	(242,232)	(1,276,368)	(492,684)
Net loss available to common shares	<u>\$ (143,903)</u>	<u>\$ (20,380)</u>	<u>\$ (334,355)</u>	<u>\$ (263,018)</u>
Basic and diluted weighted average number of shares	7,623,457	7,544,192	7,616,014	7,534,030
Basic and diluted loss available to common shares	\$ (0.02)	\$ (0.00)	\$ (0.04)	\$ (0.03)

Income Taxes

The Company complies with the accounting and reporting requirements of FASB ASC, 740, "Income Taxes," which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

FASB ASC 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than not to be sustained upon examination by taxing authorities. The Company recognizes accrued interest and penalties as income tax expense. No amounts were accrued for the payment of interest and penalties at June 30, 2018 and December 31, 2017. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. The Company considers its major tax jurisdictions to be the United States and Texas and is subject to income tax examinations by these taxing authorities.

The effective tax rate for the six months ended June 30, 2018 and 2017 was 22.0% and 35.1%, respectively.

Subsequent Events

We have evaluated subsequent events to determine if events or transactions occurring through August 8, 2018, the date the financial statements were issued, require potential adjustment to or disclosure in the financial statements.

3. Stockholders' Equity

The Company is authorized to issue 221,000,000 shares of all classes of capital stock, of which 200,000,000 shares are Class A common stock, par value \$0.0001 per share; 20,000,000 shares are Class F common stock, par value \$0.0001 per share; and 1,000,000 shares are preferred stock, par value \$0.0001 per share. As of June 30, 2018 and December 31, 2017, there were no shares of preferred stock issued or outstanding.

As of June 30, 2018 and December 31, 2017, each of the Sponsors owned 50% of the 6,250,000 issued and outstanding shares of Class F common stock ("founders shares").

Redeemable Shares

The Company has issued 25,000,000 shares of Class A common stock. All of the shares of Class A common stock sold as part of the public offering contain a redemption feature as defined in the public offering. In accordance with FASB ASC 480, redemption provisions not solely within the control of the Company require the security to be classified outside of permanent equity. The Certificate of Incorporation provides a minimum net tangible asset threshold of \$5,000,001. The Company recognizes changes in redemption value immediately as they occur and will adjust the carrying value of the security to equal the redemption value at the end of each reporting period. Increases or decreases in the carrying amount of redeemable shares will be affected by charges against additional paid-in capital.

On May 30, 2018, the Company's stockholders approved the Extension of the date by which the Company must consummate a Business Combination from June 1, 2018 to December 14, 2018. The Company requested the Extension in order to complete the Waitr Business Combination. In connection with the Extension, 1,721,159 shares were redeemed, for a total value of \$17,420,425. At June 30, 2018 and December 31, 2017, there were 23,278,841 and 25,000,000, respectively, shares of Class A common stock issued and outstanding.

As of June 30, 2018 and December 31, 2017, the Company classified 21,913,368 and 23,651,543 public shares, respectively, as redeemable shares, classified outside of permanent equity, and, 1,365,473 and 1,348,457 public shares, respectively, as Class A common stock.

For further information on the founders shares and sponsor warrants, see Note 5.

4. Public Offering

Public Units

In the public offering, the Company sold 25,000,000 units at a price of \$10.00 per unit. Each unit consists of one share of the Company's Class A common stock, \$0.0001 par value, and one redeemable warrant (each a "public warrant"). Under the terms of the warrant agreement, the Company has agreed to use its best efforts to file a new registration statement under the Securities Act, following the completion of the Business Combination covering the Class A common stock underlying the public warrants. Each public warrant entitles the holder to purchase one-half of one share of Class A common stock at a price of \$5.75 (\$11.50 per whole share). No fractional shares will be issued upon exercise of the public warrants. If, upon exercise of the public warrants, a holder would be entitled to receive a fractional interest in a share, the Company will, upon exercise, round down to the nearest whole number the number of shares of Class A common stock to be issued to the public warrant holder. Each public warrant will become exercisable on the later of 30 days after the completion of the Business Combination or 12 months from the closing of the public offering. However, if the Company does not complete the Business Combination on or prior to December 14, 2018, the public warrants will expire at such time. If the Company is unable to deliver registered shares of Class A common stock to the holder upon exercise of public warrants issued in connection with the units during the exercise period, there will be no net cash settlement of these public warrants and the public warrants will expire worthless, unless they may be exercised on a cashless basis in the circumstances described in the warrant agreement. Once the public warrants become exercisable, the Company may call the warrants for redemption: (i) in whole and not in part; (ii) at a price of \$0.01 per public warrant; (iii) upon not less than 30 days prior written notice of redemption (the "30-day redemption period") to each warrant holder; and (iv) if, and only if, the reported closing price of the public shares equals or exceeds \$18.00 per share for any 20 trading days within a 30-trading day period ending three business days before the Company sends the notice of redemption to the public warrant holders.

Underwriting Commissions

The Company paid an underwriting discount of \$5,000,000 (\$0.20 per unit sold) to the underwriters at the closing of the public offering, with an additional fee ("deferred discount") of \$8,750,000 (\$0.35 per unit sold) payable upon the Company's completion of the Business Combination. The deferred discount will be forfeited by the underwriters in the event that the Company is unable to complete the Business Combination and the subsequent liquidation of the Trust Account as described elsewhere herein. See Note 5 for further information on underwriting commissions.

5. Related Party Transactions

Founders Shares

The founders shares are identical to the public shares included in the units sold in the public offering except that the founders shares are subject to certain transfer restrictions and the holders of the founders shares will have the right to elect all of the Company's directors prior to the Business Combination. The Initial Stockholders collectively own 23% of the Company's issued and outstanding shares after the public offering.

The Initial Stockholders have agreed not to transfer, assign or sell any of their founders shares until one year after the completion of the Business Combination, or earlier if, subsequent to the Business Combination, (i) the closing price of the Company's common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after the Business Combination or (ii) the date on which the Company completes a liquidation, merger, stock exchange or other similar transaction after the Business Combination that results in all of the Company's stockholders having the right to exchange their shares of common stock for cash, securities or other property ("Lock Up Period").

The founders shares will automatically convert into shares of Class A common stock at the time of the Business Combination on a one-for-one basis, subject to adjustment as described in the prospectus relating to the public offering. In the case that additional shares of common stock, or equity-linked securities, are issued or deemed issued in excess of the amounts offered in the public offering and related to the closing of the Business Combination, the ratio at which the founders shares shall convert into shares of Class A common stock will be adjusted so that the number of shares of Class A common stock issuable upon conversion of all founders shares will equal, in the aggregate, on an as-converted basis, 20% of the total number of all shares of common stock outstanding upon the completion of the public offering plus all additional shares of Class A common stock and equity-linked securities issued or deemed issued in connection with the Business Combination, excluding any shares or equity-linked securities issued, or to be issued, to any seller in the Business Combination or pursuant to the sponsor warrants (as defined below). In no event will the founders shares convert into shares of Class A common stock at a ratio that is less than one-for-one.

Public Units

As a result of the public offering, Jefferies LLC, an affiliate of the JFG Sponsor, owns 638,561 units which consist of one share of Class A common stock and one public warrant.

Sponsor Warrants

The Sponsors have purchased an aggregate of 14,000,000 warrants ("sponsor warrants") at a price of \$0.50 per warrant (\$7,000,000 in the aggregate) in the private placement that closed simultaneously with the closing of the public offering. A portion of the purchase price of the sponsor warrants has been added to the net proceeds from the public offering to be held in the Trust Account such that at closing of the public offering, \$250,000,000 was placed in the Trust Account.

Each sponsor warrant entitles the holder to purchase one-half of one share of Class A common stock at \$5.75 per one-half share. The sponsor warrants (including the Class A common stock issuable upon exercise of the sponsor warrants) will not be transferable, assignable or salable until 30 days after the completion of the Business Combination and they will be non-redeemable so long as they are held by the initial purchasers of the sponsor warrants or their permitted transferees. If the sponsor warrants are held by someone other than the initial purchasers of the sponsor warrants or their permitted transferees, the sponsor warrants will be redeemable by the Company and exercisable by such holders on the same basis as the warrants included in the units sold in the public offering. Otherwise, the sponsor warrants have terms and provisions that are identical to those of the public warrants except that the sponsor warrants may be exercised on a cashless basis. If the Company does not complete the Business Combination, then the proceeds will be part of the liquidating distribution to the public stockholders and the sponsor warrants issued to the Sponsors will expire worthless.

Registration Rights

The Initial Stockholders and holders of the sponsor warrants will be entitled to registration rights pursuant to a registration rights agreement to be signed on or before the date of the public offering. The Initial Stockholders and holders of the sponsor warrants will be entitled to make up to three demands, excluding short form registration demands, that the Company register such securities for sale under the Securities Act. In addition, these holders will have “piggy-back” registration rights to include their securities in other registration statements filed by the Company. However, the registration rights agreement provides that the Company will not permit any registration statement filed under the Securities Act to become effective until termination of the applicable Lock Up Period. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Commissions

The JFG Sponsor is an affiliate of Jefferies LLC, an underwriter of the public offering, and beneficially owns 50% of the founders shares. Jefferies LLC received an underwriting discount of \$2,125,000 at the closing of the public offering, with an additional deferred discount of \$3,718,750 payable from the Trust Account upon completion of the Business Combination. See Note 4 for further information regarding underwriting commissions.

Administrative Services Agreement

The Company entered into an administrative services agreement in which the Company is required to pay the FEI Sponsor for office space, secretarial and administrative services provided to members of the Company’s management team, in an amount not to exceed \$10,000 per month.

Sponsors Indemnification

The Sponsors have agreed that they will be jointly and severally liable to the Company if and to the extent any claims by a vendor for services rendered or products sold to the Company, or a prospective target business with which the Company has discussed entering into a transaction agreement, reduce the amount of funds in the Trust Account to below the lesser of (i) \$10.00 per public share or (ii) the actual amount per public share held in the Trust Account as of the date of the liquidation of the Trust Account due to reductions in the value of the trust assets, in each case net of the interest which may be withdrawn to pay taxes, except as to any claims by a third party who executed a waiver of any and all rights to seek access to the Trust Account and except as to any claims under the Company’s indemnity of the underwriters of the public offering against certain liabilities, including liabilities under the Securities Act. Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, the Company’s sponsors will not be responsible to the extent of any liability for such third party claims.

In addition, the Sponsors will not be prohibited from loaning the Company funds in order to finance transaction costs in connection with the Business Combination. Up to \$1,500,000 of these loans may be convertible into warrants of the post Business Combination entity at a price of \$0.50 per warrant at the option of the lender. The warrants would be identical to the sponsor warrants. The terms of such loans have not been determined.

6. The Merger Agreement

On May 16, 2018, the Company entered into the Merger Agreement with Merger Sub and Waitr, pursuant to which, subject to the satisfaction or waiver of certain conditions set forth therein, Waitr will merge with and into Merger Sub, with Merger Sub surviving the merger in accordance with the Delaware General Corporation Law as a wholly owned direct subsidiary of the Company. Upon the consummation of the Waitr Business Combination, the Company will change its name to Waitr Holdings Inc.

Merger Consideration

The aggregate consideration for the Waitr Business Combination will be comprised of \$300.0 million payable in the form of cash and shares of the Company’s common stock valued at \$10.00 per share, plus approximately \$8.0 million payable in the form of Company stock options to be issued to holders of options to purchase Waitr shares that are unvested, outstanding and unexercised as of immediately prior to the effective time of the Business Combination (the “Effective Time”).

The cash portion of the consideration will be an aggregate amount equal to the sum of (i) \$50.0 million (the “Minimum Cash Consideration Amount”) plus (ii) an additional cash amount, if any, not to exceed \$25.0 million, which together with the Minimum Cash Consideration Amount will not exceed a maximum of \$75.0 million (the “Cash Consideration”). The remainder of \$300.0 million less the Cash Consideration will be paid in the form of shares of the Company’s common stock valued at \$10.00 per share (the “Stock Consideration”). In addition, all options to purchase Waitr shares that are unvested, outstanding and unexercised as of immediately prior to the Effective Time, valued at approximately \$8.0 million, will be assumed by the Company.

Representations, Warranties and Covenants

The parties to the Merger Agreement have made customary representations, warranties and covenants in the Merger Agreement, including, among others, covenants with respect to the conduct of Waitr during the period between execution of the Merger Agreement and the completion of the Waitr Business Combination. The Company and Waitr have each agreed to use commercially reasonable efforts to cause the Waitr Business Combination to be consummated.

Conditions to Closing

The closing of the Waitr Business Combination is subject to certain conditions, including, among others, (i) approval by the Company’s stockholders of the Extension, (ii) approval by the Company’s stockholders of the Merger Agreement, the Waitr Business Combination and certain other actions related thereto, (iii) approval by Waitr’s stockholders of the Waitr Business Combination, (iv) approval of the listing of the Company’s common stock to be issued in connection with the Waitr Business Combination on Nasdaq, (v) completion of any redemptions of shares by the Company’s stockholders in connection with the Waitr Business Combination, (vi) delivery of lockup agreements from each stockholder of Waitr receiving Stock Consideration pursuant to the Merger Agreement and from the Company’s founders with respect to their private placement warrants, (vii) delivery by the Company of evidence that after the closing of the Waitr Business Combination, the Company will have at least \$75.0 million in cash or investments in government securities or money market funds that invest only in direct United States Treasury obligations, and (viii) the expiration or termination of the applicable waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended.

Termination

The Merger Agreement may be terminated by the Company and Waitr under certain circumstances, including, among others, (i) by mutual written consent of the Company and Waitr, (ii) by the Company or Waitr if the closing of the Waitr Business Combination has not occurred on or prior to November 30, 2018 for any reason other than delay and/or non-performance of the party seeking such termination, (iii) by the Company or Waitr if the Company’s stockholders do not approve the Extension, (iv) by the Company or Waitr if the Company’s stockholders do not approve the Merger Agreement, (v) by Waitr if there exists any Nasdaq listing rule deficiency that causes a de-listing of the Company from Nasdaq prior to the closing of the Waitr Business Combination and (vi) by Waitr if the aggregate dollar amount of any shares redeemed by the Company’s stockholders in connection with the Extension and the Waitr Business Combination equals or exceeds an amount that would cause (x) the combined company to fail to maintain a minimum cash balance of at least \$75 million at closing or (y) Waitr’s stockholders to receive an aggregate amount of Cash Consideration less than the Minimum Cash Consideration Amount.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

This Quarterly Report on Form 10-Q includes forward-looking statements. These forward-looking statements are based on our current expectations and beliefs concerning future developments and their potential effects on us. There can be no assurance that future developments affecting us will be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. Our forward-looking statements include, but are not limited to, statements regarding our or our management team's expectations, hopes, beliefs, intentions or strategies regarding the future. In addition, any statements that refer to projections, forecasts or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. The words "anticipate," "believe," "continue," "could," "estimate," "expect," "intends," "may," "might," "plan," "possible," "potential," "predict," "project," "should," "would" and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. Factors that might cause or contribute to such forward-looking statements include, but are not limited to, those set forth in the Risk Factors section of the Company's registration statement and prospectus for the Company's offering filed with the SEC. The following discussion should be read in conjunction with our financial statements and related notes thereto included elsewhere in this report.

Overview

We are a blank check company incorporated as a Delaware corporation and formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase reorganization or similar business combination with one or more businesses ("Business Combination"). We consummated our initial public offering ("public offering") on June 1, 2016 and on May 16, 2018 announced we have entered into a definitive merger agreement with Waitr Incorporated, a Louisiana corporation ("Waitr"). All activity for the quarter ending June 30, 2018 relates to the Company's ongoing business expenses and costs associated with our Business Combination.

On May 16, 2018, the Company entered into an Agreement and Plan of Merger (the "Merger Agreement") with Landcadia Merger Sub, Inc., a Delaware corporation ("Merger Sub"), and Waitr, pursuant to which, subject to the satisfaction or waiver of certain conditions set forth therein, Waitr will merge with and into Merger Sub, with Merger Sub surviving the merger in accordance with the Delaware General Corporation Law as a wholly owned direct subsidiary of the Company (the transactions contemplated by the Merger Agreement, the "Waitr Business Combination"). Upon the consummation of the Waitr Business Combination, the Company intends to change its name to Waitr Holdings Inc. and is expected to continue to trade on The Nasdaq Stock Market. Waitr, founded in 2013 and based in Lake Charles, Louisiana, is a leader in on-demand food ordering and delivery. Its platform connects local restaurants to diners in underserved markets.

The aggregate consideration for the Waitr Business Combination will be comprised of \$300.0 million payable in the form of cash and shares of the Company's common stock valued at \$10.00 per share, plus approximately \$8.0 million payable in the form of Company stock options to be issued to holders of options to purchase Waitr shares that are unvested, outstanding and unexercised as of immediately prior to the effective time of the Business Combination (the "Effective Time").

The cash portion of the consideration will be an aggregate amount equal to the sum of (i) \$50.0 million (the "Minimum Cash Consideration Amount") plus (ii) an additional cash amount, if any, not to exceed \$25.0 million, which, together with the Minimum Cash Consideration Amount, will not exceed a maximum of \$75.0 million (the "Cash Consideration"). The remainder of \$300.0 million less the Cash Consideration will be paid in the form of shares of the Company's common stock valued at \$10.00 per share (the "Stock Consideration"). In addition, all options to purchase Waitr shares that are unvested, outstanding and unexercised as of immediately prior to the Effective Time, valued at approximately \$8.0 million, will be assumed by the Company.

On May 30, 2018, the Company's stockholders approved an extension of the date by which the Company must consummate a Business Combination from June 1, 2018 to December 14, 2018 (the "Extension"). The Company requested the extension in order to complete the Waitr Business Combination.

The Company's co-sponsors are Fertitta Entertainment, Inc. ("FEI Sponsor") and Jefferies Financial Group Inc. (f/k/a Leucadia National Corporation) ("JFG Sponsor" and together with FEI Sponsor, the "Sponsors"). Tilman J. Fertitta, the Company's Co-Chairman and Chief Executive Officer, is the sole shareholder, Chairman and Chief Executive Officer of Fertitta Entertainment, Inc., and Richard Handler, the Company's Co-Chairman and President, is the Chief Executive Officer of Jefferies Financial Group Inc.

Liquidity and Capital Resources

On June 1, 2016 we consummated a \$250,000,000 public offering consisting of 25,000,000 units at a price of \$10.00 per unit ("unit"). Each unit consists of one share of the Company's Class A common stock, \$0.0001 par value, and one redeemable common stock purchase warrant. Simultaneously, with the closing of the public offering, we consummated a \$7,000,000 private sale of an aggregate of 14,000,000 warrants ("private placement") at a price of \$0.50 per warrant. \$250,000,000 in proceeds (including \$8,750,000 of deferred underwriting commissions) from the public offering and private placement was placed into a trust account. A portion of the remaining \$7,000,000 held outside of trust was used to pay underwriting commissions of \$5,000,000, loans to our Sponsors and deferred offering and formation costs.

In connection with the Extension approved on May 30, 2018, 1,721,159 shares were redeemed, for a total value of \$17,420,425. As of June 30 2018, \$235,813,316 remains in the Trust Account to be used for the Business Combination.

As of June 30, 2018, we had an unrestricted cash balance of \$227,941 as well as cash and accrued interest held in trust of \$235,813,316. Our working capital needs will be satisfied through the funds, held outside of the Trust Account, from the public offering. Funds held in the Trust Account may be used to pay income taxes and franchise taxes, if any. Further, our Sponsors may, but are not obligated to, loan us funds as may be required in connection with the Business Combination. Up to \$1,500,000 of these loans may be converted into warrants of the post business combination entity at a price of \$0.50 per warrant at the option of the lender and would be identical to the sponsor warrants.

Results of Operations

We have neither engaged in any significant business operations nor generated any revenues to date. All activities to date relate to our public offering and search for a suitable Business Combination. We generate non-operating income in the form of interest income on cash and cash equivalents held in the Trust Account. We expect to incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses as we locate a suitable Business Combination.

For the three months ended June 30, 2018 and 2017, we had net income of \$489,110 and \$221,852, respectively, and for the six months ended June 30, 2018 and 2017, we had net income of \$942,013 and \$229,666, respectively. Favorable interest rates have increased earnings on the Trust Account assets in the three and six months ended June 30, 2018 as compared to the same period in prior year.

Critical Accounting Policies

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the unaudited financial statements and accompanying notes. Actual results could differ from those estimates. The Company has identified the following as its critical accounting policies:

Redeemable Shares

All of the 25,000,000 public shares sold as part of the public offering contain a redemption feature as described in the prospectus for the public offering. In accordance with FASB ASC 480, "Distinguishing Liabilities from Equity", redemption provisions not solely within the control of the Company require the security to be classified outside of permanent equity. The Company's second amended and restated certificate of incorporation provides a minimum net tangible asset threshold of \$5,000,001. The Company recognizes changes in redemption value immediately as they occur and will adjust the carrying value of the security to equal the redemption value at the end of each reporting period. Increases or decreases in the carrying amount of redeemable shares will be affected by charges against additional paid-in capital. At June 30, 2018 and December 31, 2017, there were 23,278,841 and 25,000,000 public shares issued and outstanding, of which 21,913,368 and 23,651,543, respectively, were recorded as Redeemable Shares, classified outside of permanent equity, and 1,365,473 and 1,348,457, respectively, classified as Class A common stock.

Recent Accounting Pronouncements

Management does not believe that any recently issued, but not yet effective, accounting standards if currently adopted would have a material effect on the accompanying financial statements.

Off-Balance Sheet Arrangements

We did not have any off-balance sheet arrangements as of June 30, 2018.

Contractual Obligations

As of June 30, 2018, we did not have any long-term debt, capital or operating lease obligations. We have recorded deferred underwriting commissions payable upon the completion of the Business Combination.

We entered into an administrative services agreement pursuant to which the Company is required to pay the FEI Sponsor for office space, secretarial and administrative services provided to members of the Company's management team, in an amount not to exceed \$10,000 per month.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

As of June 30, 2018, we were not subject to any market or interest rate risk. The net proceeds of the public offering and the private placement, placed in the Trust Account, may be invested in U.S. government treasury bills, notes or bonds with a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations. Due to the short-term nature of these investments, we believe there will be no associated material exposure to interest rate risk.

Item 4. Controls and Procedures.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in company reports filed or submitted under the Exchange Act is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

As required by Rules 13a-15 and 15d-15 under the Exchange Act, our Chief Executive Officer and Chief Financial Officer carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of June 30, 2018. Based upon their evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) were effective.

There was no change in our internal control over financial reporting that occurred during the quarter ending June 30, 2018 that has materially affected, or is reasonable likely to materially affect, our internal control over financial reporting.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings

None.

Item 1A. Risk Factors

As of the date of this Report, there have been no material changes to the risk factors disclosed in our Annual Report on Form 10-K for the year ended December 31, 2017. We may disclose changes to such risk factors or disclose additional risk factors from time to time in our future filings with the SEC.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

We were incorporated in 2008 and in connection with our incorporation the JFG Sponsor purchased an aggregate of 1,000 shares of our common stock (100% of the issued and outstanding shares) for \$1,000. On September 15, 2015, we reclassified all of our issued and outstanding shares of common stock as Class F common stock and conducted a 1:7,187.5 stock split for our founders shares, which increased the JFG Sponsor's ownership to 7,187,500 founders shares. On September 16, 2015, we sold 7,187,500 founders shares (50% of the issued and outstanding shares) to the FEI Sponsor for \$10,000. On October 1, 2015, we conducted a 5:1 reverse stock split for the founders shares. On April 27, 2016, we conducted a 1:3 stock split, resulting in our initial stockholders holding an aggregate of 8,625,000 founders shares. On May 25, 2016, each of the Sponsors returned to us, at no cost, 718,750 founders shares, which we cancelled. Following these transactions, each of the Sponsors owned 50% of the 7,187,500 issued and outstanding founders shares. The over-allotment option was not exercised by the underwriters and as such, the Sponsors forfeited 937,500 shares, which were returned to the Company, at no cost, on June 30, 2016. Simultaneously with the closing of the public offering, the Sponsors purchased an aggregate of 14,000,000 sponsor warrants at a price of \$0.50 per warrant (\$7,000,000 in the aggregate) in the private placement. The sales of the above securities by the Company were deemed to be exempt from registration under the Securities Act, in reliance on Section 4(a)(2) of the Securities Act as transactions by an issuer not involving a public offering.

On May 25, 2016, our registration statement on Form S-1 (File No. 333-210980) was declared effective by the SEC for the public offering pursuant to which we sold an aggregate of 25,000,000 units at an offering price to the public of \$10.00 per unit for an aggregate offering price of \$250,000,000, with each unit consisting of one share of the Company's Class A common stock and one public warrant. Each public warrant entitles the holder thereof to purchase one-half of one share of Class A common stock at a price of \$11.50 per whole share. Jefferies LLC, Deutsche Bank Securities Inc. and Ladenburg Thalmann & Co., Inc. acted as underwriters. The public offering was consummated on June 1, 2016. In connection with the Extension approved on May 30, 2018, 1,721,159 shares were redeemed, for a total value of \$17,420,425. As a result, 23,278,841 shares of Class A stock were issued and outstanding as of June 30, 2018.

Upon closing of the public offering and private placement on June 1, 2016, net proceeds of \$250,000,000, including deferred underwriting discounts of \$8,750,000, were placed in the Trust Account. We paid \$5,000,000 in underwriting discounts and incurred offering costs of \$654,840 related to the public offering. In addition, the underwriters agreed to defer \$8,750,000 in underwriting discounts, which amount will be payable when and if a Business Combination is consummated. We also repaid \$300,000 in non-interest bearing loans made to us by the Sponsors to cover expenses related to the public offering. There has been no material change in the planned use of proceeds from the public offering as described in our final prospectus dated May 25, 2016 which was filed with the SEC. On May 30, 2018, the Company's stockholders approved the Extension of the date by which the Company must consummate a Business Combination from June 1, 2018 to December 14, 2018. The Company requested the Extension in order to complete the Waitr Business Combination. In connection with the Extension, 1,721,159 shares were redeemed, for a total value of \$17,420,425. As of June 30, 2018, \$235,813,316 remained in the Trust Account to be used for the Business Combination.

Re: Letter Agreement Dated as of August 23, 2016

Gentlemen:

Reference is made to that certain letter (the "**Letter Agreement**"), dated as of August 23, 2016, by and between Landcadia Holdings, Inc., a Delaware corporation (the "**Company**"), and G. Michael Stevens, that was delivered in accordance with the Underwriting Agreement, dated May 25, 2016, among the Company, Jefferies LLC and Deutsche Bank Securities, Inc., as representatives of the several underwriters, relating to the Company's initial public offering (the "**IPO**").

On May 30, 2018, the Company received approval of its stockholders to (i) amend the Company's second amended and restated certificate of incorporation to extend the date by which the Company must consummate an initial business combination from June 1, 2018 to December 14, 2018 and (ii) amend the Investment Management Trust Agreement, made effective as of May 25, 2016, by and between the Company and Continental Stock Transfer & Trust Company ("**Continental**"), to extend the date on which Continental must liquidate the trust account established in connection with the IPO if the Company has not completed a business combination from June 1, 2018 to December 14, 2018.

This letter (this "**Amendment**") amends the Letter Agreement, effective as of May 31, 2018, to provide that December 14, 2018 is the date by which the Company must complete a business combination or cease all operations and redeem shares of its common stock in accordance with the Company's amended and restated certificate of incorporation.

In acknowledgment and consideration of the foregoing, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Mr. Stevens hereby agrees with the Company as follows:

1. The Letter Agreement is hereby amended by deleting the numbered item 2 in its entirety and replacing it with the following:

"The undersigned hereby agrees that in the event that the Company fails to consummate a Business Combination (as defined in paragraph 9 hereof) by December 14, 2018 or such later period approved by the Company's stockholders in accordance with the Company's second amended and restated certificate of incorporation, he or she shall take all reasonable steps to cause the Company to (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than 10 business days thereafter, redeem 100% of the Common Stock sold as part of the Units in the Public Offering (the "Offering Shares"), at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account (as defined in paragraph 9 hereof) including interest (less taxes payable and up to \$50,000 of interest to pay dissolution expenses), divided by the number of then outstanding Offering Shares, which redemption will completely extinguish all Public Stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining stockholders and the Company's board of directors, dissolve and liquidate, subject in each case to the Company's obligations under Delaware law to provide for claims of creditors and other requirements of applicable law. The undersigned agrees that he or she will not propose any amendment to the Company's second amended and restated certificate of incorporation that would affect the substance or timing of the Company's obligation to redeem 100% of the Offering Shares if the Company does not complete a Business Combination by December 14, 2018, unless the Company provides its public stockholders with the opportunity to redeem their shares of Common Stock upon approval of any such amendment at a per share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account including interest (which interest shall be net of taxes payable), divided by the number of then outstanding Offering Shares.

The undersigned acknowledges that he or she has no right, title, interest or claim of any kind in or to any monies held in the Trust Account or any other asset of the Company as a result of any liquidation of the Company with respect to the Founder Shares. The undersigned hereby further waives, with respect to any Founder Shares or shares of Common Stock held by him or her, any redemption rights he or she may have in connection with a stockholder vote to amend the Company's second amended and restated certificate of incorporation to modify the substance or timing of the Company's obligation to redeem 100% of the shares of Common Stock if the Company does not complete a Business Combination by December 14, 2018. The undersigned hereby further waives, with respect to any Founder Shares or shares of Common Stock held by him or her, any redemption rights he or she may have in connection with the consummation of a Business Combination, including, without limitation, any such rights available in the context of a stockholder vote to approve such Business Combination or in the context of a tender offer made by the Company to purchase shares of Common Stock. The undersigned shall be entitled to redemption and liquidation rights with respect to any shares of Common Stock he or she holds if the Company fails to consummate a Business Combination by December 14, 2018."

2. The Letter Agreement is hereby amended by deleting paragraph (a) of numbered item 4 in its entirety and replacing it with the following:

"The undersigned hereby agrees not to participate in the formation of, or become an officer or director of, any other blank check company that unless and until the Company has entered into a definitive agreement with respect to a Business Combination or the Company has failed to complete a Business Combination by December 14, 2018."

3. This Amendment shall be governed by and construed and enforced in accordance with the laws of the State of New York, without giving effect to conflicts of law principles that would result in the application of the substantive laws of another jurisdiction. The parties hereto (i) agree that any action, proceeding, claim or dispute arising out of, or relating in any way to, this Amendment shall be brought and enforced in the courts of New York City, in the State of New York, and irrevocably submit to such jurisdiction and venue, which jurisdiction and venue shall be exclusive and (ii) waive any objection to such exclusive jurisdiction and venue or that such courts represent an inconvenient forum.

4. This Amendment may be executed in any number of original or facsimile counterparts and each of such counterparts shall for all purposes be deemed to be an original, and all such counterparts shall together constitute but one and the same instrument.

The remaining provisions of the Letter Agreement are otherwise restated and incorporated herein.

Re: Letter Agreement Dated as of May 8, 2017

Gentlemen:

Reference is made to that certain letter (the "*Letter Agreement*"), dated as of May 8, 2017, by and between Landcadia Holdings, Inc., a Delaware corporation (the "*Company*"), and Michael S. Chadwick, that was delivered in accordance with the Underwriting Agreement, dated May 25, 2016, among the Company, Jefferies LLC and Deutsche Bank Securities, Inc., as representatives of the several underwriters, relating to the Company's initial public offering (the "*IPO*").

On May 30, 2018, the Company received approval of its stockholders to (i) amend the Company's second amended and restated certificate of incorporation to extend the date by which the Company must consummate an initial business combination from June 1, 2018 to December 14, 2018 and (ii) amend the Investment Management Trust Agreement, made effective as of May 25, 2016, by and between the Company and Continental Stock Transfer & Trust Company ("*Continental*"), to extend the date on which Continental must liquidate the trust account established in connection with the IPO if the Company has not completed a business combination from June 1, 2018 to December 14, 2018.

This letter (this "*Amendment*") amends the Letter Agreement, effective as of May 31, 2018, to provide that December 14, 2018 is the date by which the Company must complete a business combination or cease all operations and redeem shares of its common stock in accordance with the Company's amended and restated certificate of incorporation.

In acknowledgment and consideration of the foregoing, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Mr. Chadwick hereby agrees with the Company as follows:

1. The Letter Agreement is hereby amended by deleting the numbered item 2 in its entirety and replacing it with the following:

"The undersigned hereby agrees that in the event that the Company fails to consummate a Business Combination (as defined in paragraph 9 hereof) by December 14, 2018 or such later period approved by the Company's stockholders in accordance with the Company's second amended and restated certificate of incorporation, he or she shall take all reasonable steps to cause the Company to (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than 10 business days thereafter, redeem 100% of the Common Stock sold as part of the Units in the Public Offering (the "Offering Shares"), at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account (as defined in paragraph 9 hereof) including interest (less taxes payable and up to \$50,000 of interest to pay dissolution expenses), divided by the number of then outstanding Offering Shares, which redemption will completely extinguish all Public Stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining stockholders and the Company's board of directors, dissolve and liquidate, subject in each case to the Company's obligations under Delaware law to provide for claims of creditors and other requirements of applicable law.
